

CARRIE GALE - Junior Software Engineer

Sydney, NSW | P: +61 415964862 | carriegale2710@gmail.com | linkedin.com/in/carrie-gale | github.com/carriegale2710

Full-stack developer with 1-2 years of software development and 2+ years of product design experience. Proven track record of owning end-to-end design-to-code product development in fast high-growth, cross-functional product teams.

EDUCATION

Queensland University Of Technology | Master of IT (Computer Science) **Remote | Feb 2026 – Dec 2027**

- **Coursework:** Rapid Web Development, Network Security, Machine Learning, Advanced Algorithms

_nology | Pathway to Tech: Software Engineering Program **Remote | Mar 2025 - Jul 2025**

- Intensive 12-week program covering full-stack development skills including: HTML/CSS, Javascript, React.js, Vite, SQL, Java, Spring Boot, AWS S3/EC2, Next.js.

The University Of Sydney | Bachelor of Arts (Design & Digital Cultures) **Sydney, NSW | Mar 2020 - Dec 2023**

- **Coursework:** Data Visualization & Informatics, Human-Computer Interaction, User Research
- **Student Exchange Programs:** Korea University; Rikkyo University
- **Extracurricular:** MIXSOC President, Student Peer Mentor, Global Citizenship Award

SKILLS

- **Frontend Development:** JavaScript/TypeScript (ES6+), HTML5, CSS3, React, Next.js, CSS Frameworks (Tailwind CSS, SASS, Material-UI, Ant Design), Build Tools & Testing (Vite, Vitest)
- **Backend Development:** Node.js, Java, Python, Flask, Spring Boot, RESTful APIs, Authentication (JWT, Flask Auth), Testing (Jest, Unit/Integration/E2E)
- **Databases & Infrastructure:** PostgreSQL, MySQL, Supabase, Firebase
- **DevOps:** AWS (Route53, EC2, S3), Google Cloud, Cloudflare, Vercel, Netlify, Git, GitHub Actions, GitLab CI/CD
- **UX/UI Design:** Web/Mobile Prototyping (Figma/Figma MCP), Accessibility/WCAG Standards, Usability Testing
- **AI tools:** Claude Code, Copilot, Cursor, Replit, Ollama, Google Stitch, Perplexity, NotebookLM
- **Work-style:** Lean startup, Agile framework, Design-to-code development, Test-Driven Development

ACHIEVEMENTS

- Selected exclusively as part of top 12 out of 1,000 applicants to participate in _nology's software engineering program.
- Top 6 Finalist team - **Startmate Student Founder Challenge 2024**
- **Founding President of MIXSOC (The University of Sydney) - Best New Society Finalist 2022**

WORK EXPERIENCE

Outlier | AI/ML Prompt Designer & QA Tester (Freelance) **Remote | Mar 2025 – Present**

- Designed multi-prompt tests for supervised LLM training, requiring precise technical and systematic thinking
- Implemented QA pipelines ensuring model reliability, transferable skills for software testing and quality assurance.

aBeauté | Co-Founder & Lead Software Developer (Freelance) **Sydney, NSW | Dec 2024 – Present**

- Led product development from concept to MVP for accessibility-focused e-commerce platform, bridging core technical gap in founder team via sprint workshops, achieving top 6 finalist for VC pitch competition.
- Spearheaded UX/UI design initiatives to identify pain points and designed early MVP prototypes in Figma to develop tailored solutions based on real user feedback from usability testing sessions and surveys.

_nology | Software Engineer Intern **Remote | Jun 2025 – Aug 2025**

- Refactoring backend API of _nology's internal student metrics application (NestJS/MySQL/React/TS).
- Presented technical solutions in daily sprints and code reviews with senior developers.

Self-Employed | Freelance UX/UI Designer**Sydney, NSW | May 2023 – Dec 2024**

- Consulted for several e-commerce clients, delivering comprehensive UX/UI design audits and website redesigns.
- Identified and resolved usability issues in the website layout using Hotjar, boosting accessibility scores by 25%.
- Streamlined e-commerce checkout flow design by identifying drop-off points via website analytics, improving conversion rates by 15-30%.

Gapmash | UX/UI Design Intern**Sydney, NSW | Oct 2021 – Nov 2021**

- Ideated new personalization features for mobile app onboarding, enhancing predicted user engagement rates by 15%.
- Conducted user feedback analysis, resulting in a 30% increase in onboarding task completion rates.

PROJECTS**Library Website & Item Assessment Portal (Python, Flask, MySQL, Jinja, Bootstrap)****Jun 2025 - Jul 2026**

- Built the controller layer and authentication system for a Flask web app managing an Indigenous Academic Library's restricted cultural collection. Implemented role-based access control, session management, and password hashing.

Trivia Game App (Java, Spring Boot, MySQL, React, TS, Tailwind, AWS)**Sep 2025 - Oct 2025**

- Co-developed trivia game interactive web application UI with data-persistent progress tracking and question-filtering microservice REST API, including 20+ E2E tests and CI/CD.

Employee Creator Portal (Java, Spring Boot, MySQL, React, TypeScript, AWS)**Aug 2025 - Sep 2025**

- Built production-ready web app with microservices REST API, 40+ unit/E2E tests (100% pass rate), CI/CD with AWS EC2/S3, and automated health checks, ensuring maintainability and reliability.

ACTIVITIES**Remarkable Tech | Launcher Preaccelerator****Sydney, NSW | Mar 2025 – May 2025**

- Selected founder team for competitive pre-accelerator program supporting early-stage disability-tech startups.
- Collaborated with leading industry mentors and cofounders to refine business models and go-to-market strategy.

Startmate (ANZ) | Student Fellowship**Sydney, NSW | Dec 2024 – Dec 2024**

- Competitive 2-week hackathon-style fellowship focused on entrepreneurship.
- Top 6 Finalist Team of Founder Challenge, showcasing innovative problem-solving skills.
- Co-pitched product ideas to 5+ VC investors, refining features based on valuable stakeholder feedback.
- Developed expertise in lean startup methodology and MVP development.

MIXSOC - University of Sydney Society | Founder & President**Sydney, NSW | Jun 2021 - Jun 2022**

- Led a dedicated team of 17-20 executives, organizing 20+ major events annually that attracted over 300 attendees through innovative digital marketing campaigns and strategic partnerships via shared executive Discord channel.
